

TRADING HUB

FINANCE MANAGER & ANALYST

Occupational Areas: Financial Analytics, Banking & Investment, Technology, Data, Computer Science

Salary range: Competitive

Location: London EC2 (closest station: Liverpool Street)

Outstanding opportunity for a new qualified Chartered accountant to join a fast growing FinTech. The role will give the successful applicant the opportunity to understand a finance department from end to end and assist in the growth of an international SME.

ROLE

The successful applicant will report to the Finance Director and will need to interact with all the departments in the business

Responsibilities will include:

- Preparation of monthly management reports for the Board
- Ad hoc financial analysis
- Preparation of year end packs for all global regions
- Sales & credit control
- Annual budgeting and forecasting
- Development of financial control handbooks and processes
- Development of KPIs and finance metrics
- Development of CRM and Finance systems

REQUIREMENTS

We are looking for a highly motivated, new qualified Chartered Accountant.

Skills must include:

- ACA qualification from top level accountancy practice
- An understanding of financial control processes and the role of a finance function
- Excellent excel skills, including use of VBAs
- Proactive, positive attitude
- Excellent attention to detail
- Good inter personal skills
- A willingness to learn

The role will require an understanding of the following areas that a newly qualified Chartered accountant may not have and we will be willing to provide training in these areas as required:

- VAT
- Payroll
- International accounting and taxation
