ABOUT US

TradingHub is a rapidly expanding FinTech and Software-as-a-Service (SaaS) company based in the city of London. We also have offices in New York, Denver, and Hong Kong.

We build, provide, and maintain cutting-edge trade analysis software for global banks, hedge funds, and asset managers. Our web-based platform relies on advanced analytics that are constantly being improved and expanded on. Our current products include:

- Insider trading and market abuse detection,
- Best Execution and off-market trade analysis
- Rogue trader detection, and
- Trader performance profiling and development.

Our products are market-leading in every category. We view ourselves as a disruptive FinTech company that is nimble enough to move quickly and innovate faster than our competitors. Every employee has a meaningful impact on TradingHub's future, making it an exciting and rewarding company to be part of.
