

TradingHub

LEGAL COUNSEL

Salary Range: **Competitive**

Location: **London EC2** (closest station: **Liverpool Street**)

About TradingHub:

TradingHub is a rapidly expanding Financial Services Technology (FinTech) company.

We build cutting edge, AI-assisted, trade analysis software for our clients which consist of banks, hedge funds, asset managers, and other financial services institutions. Our products are used by these organisations to detect financial crime and enhance business performance based on client's day to day trading data. These products include:

- Best execution analysis
- Trader performance profiling and enhancement
- Insider trading and market abuse detection
- Rogue trader detection

Our products are market leading in each category:

- Advanced analytics and machine learning algorithms allow us to perform statistically rigorous analysis on all asset classes in a unique way
- We use in-house programming languages, optimised for fast and complex analysis of large trade volumes
- All our tools have an intuitive user interface (built using in-house programming languages) that make it very easy for our clients to access our analysis

We view ourselves as a disruptive FinTech company that is nimble enough to move fast, innovate quickly and provide a premium level of client service and support. Recently the firm was given an award in recognition for our contribution to trade and investment by the Department for International Trade and the UK Board of Trade.

Summary of Role:

We are looking for a Commercial/TMT, Corporate or Finance lawyer with great attention to detail, drafting and negotiation skills to join our high-calibre legal team (currently 6 lawyers and a paralegal).

Work covered:

- Drafting and reviewing product contracts with the company's global financial institution clients
- Taking the lead for the company in client contract negotiations
- Assisting with queries from the business in relation to existing client contracts
- Working closely with other teams within the business for commercial input
- Managing external counsel input
- Assisting with the development of new products and services for clients including related IP and data usage aspects
- Assisting with other intellectual property and data protection matters
- Keeping up to date with law and best practice relevant to the company
- Helping to develop and implement internal software tools and new working initiatives
- Assisting with various other work streams and projects managed by the legal team, such as data supply contracts, service provider terms and conditions and company policies

Essential Skills/Competencies:

- Excellent commercial acumen and attention to detail, easily spotting key points for the company and identifying risks
- Confident to negotiate client contracts
- Excellent communication and drafting skills
- Proactive and willing to take ownership of work streams
- Strong organisational skills and the ability to multi-task and prioritise
- Friendly and personable team player able to work effectively with all parts of the business

The position offers high quality, interesting work in a collaborative and supportive environment with work-life balance.

Experience:

Minimum 2 years PQE in Commercial, TMT, IP/IT, or Corporate.

Salary and benefits package will be competitive and based on experience level.

If this is of interest to you please send a covering letter and a CV to careers@tradinghub.com.

TradingHub is committed to providing equal opportunities and supporting diversity in employment. Diverse teams really are the best teams.
